

5 SUSTAINABLE FASHION TIPS

START YOUR JOURNEY TODAY

LET'S CREATE A BETTER FUTURE TOGETHER

1. Shop small, local designers, and BIPOC owned, this strengthens our local economy and purchasing power.
2. Support local thrift/consignment shops. Pre-loved clothing helps lessen waste and keeps textiles out of landfills.
3. Clothes that no longer fits or is worn out can be re-purposed into a new garment or style. Celebrate individuality.
4. Start a clothes swap with friends and family, targeting specific needs and sizes, helping lower financial burdens.
5. When purchasing new, read labels, fabric contents, research fair trade, and the well being of factory workers.
